SUPREME COURT CLERK
P.O.Box 30052
Lansing, MI. 48909

Dear Clerk of The Court,

This letter is in regards to my families view of the Supreme's Court proposal to change the procedure's /Rules in MCR. 6.500. Motion for Relief From Judgement.

My father is incarcerated and he has told us that these changes will affect his chances of coming home by making it harder for him to present his case before the courts and prove his innocence simply because of a time limit or because of the complications of understanding what is meant by something that says " an irregularity so offensive as to seriously affect the fundamental fairness, integrity, or public reputation of judicial proceedings."

After speaking with several Attorneys, my father says that the Lawyers do not understand the meaning of such language. We believe that these proposed changes will do more harm than good and we ask the court to take another deeper look at what these changes will produce in the name of fairness and justice.

In closing, I would like to thank you and those whom are given the responsibility to over see such an important procedure such as this, and I hope and pray that the best and proper decision is made.

Thank you,

Darren Stribling Jr.
